Dear Pharmacist

POISONS CONTROL S8 WEBSITE (PREVIOUSLY CALLED DMS WEB SYSTEM)

As of September 2008 all community pharmacies in the Northern Territory gained access to this secure internet based website allowing them to download the weekly updated Contract List and upload S8 files to Poisons Control electronically.

When using the Poisons Control S8 Website it is important to be aware that the contract list is only to be viewed by medical practitioners and other pharmacists.

Uploading S8 files to Poisons Control via this website is a voluntary process. It eliminates the need to send a floppy disk when the pharmacy sends through cancelled prescriptions or copies of the authority on which the supply occurs within 7 days of supply as required by legislation.

If you have any questions about the Poisons Control S8 Website do not hesitate to contact the poisons inspectors on 8922 7341 or email them at poisonscontrol@nt.gov.au.

Yours sincerely,

Miranda Batten
